
Audit and Assurance Committee Meeting

Date of Meeting	Tuesday 10 October 2023
Paper Title	Accounts Direction – Financial Year 2022-23
Agenda Item	9
Paper Number	AAC1-E
Responsible Officer	Jim Godfrey, Finance & Resources Director
Status	Disclosable
Action	For information

1. Executive Summary

1.1. This paper provides the accounts direction for 2022-23.

2. Recommendations

2.1. The committee is invited to **note** the accounts direction for 2022-23.

3. Report

- 3.1.** The accounts direction is issued on an annual basis by the Scottish Funding Council (SFC) and sets out the obligations of GCRB in terms of its financial statements and annual report. Implementation of the accounts direction is a requirement to ensure compliance with the 2019 Statement of Recommended Practice: Accounting for Further and Higher Education (SORP) and the Government Financial Reporting Manual 2022-23 (FRoM).

4. Risk and Compliance Analysis

- 4.1.** The accounts direction for GCRB provides instructions in terms of the preparation of the GCRB's financial statements and report. Implementation of the accounts direction contributes to the effective governance arrangements and mitigates the risk of a breach of legislation/guidance/code of practice.
- 4.2.** There are no legal implications arising from this report. However, the implementation of the accounts direction contributes to the aim within the strategic plan to "meet its ambitions with sound governance".

5. Financial and Resource Analysis

- 5.1.** There are no direct financial implications arising from this report.

6. Equalities Implications

- 6.1.** There are no equalities implications arising from this report.

7. Learner Implications

- 7.1.** There are no direct learner implications of this report.

Accounts Direction for Scotland's Colleges 2022-23: Detailed Notes for Guidance on Completion of 2022-23 Financial Statements

Introduction

1. These guidance notes are designed to supplement the Scottish Funding Council's Accounts Direction.
2. The guidance has been prepared with a view to improving the quality and consistency of financial reporting throughout the college sector.

General

3. The Statement of Recommended Practice for Further and Higher Education (SORP) was issued in October 2018 and is effective for accounting periods beginning on or after 1 January 2019. The SORP reflects the changes to UK Generally Accepted Accounting Practice following the issue of FRS 100, 101 and 102. A copy of the SORP and supporting materials can be found on the [BUFDG website](#).
4. As noted in the SORP, institutions¹ must apply all requirements under FRS 102 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', relevant legislation and accounts direction from Funding Bodies applicable to the institution.
5. Incorporated colleges and Glasgow Colleges' Regional Board² are also required to comply with the Financial Reporting Manual (FReM) and the Scottish Public Finance Manual (SPFM).

SFC and Regional Strategic Body Funding

6. The note analysing SFC grants or grants funded by Regional Strategic Bodies (RSBs) should provide sufficient information to allow the reader to understand the major types of grant received from each funding body. **Annex A** contains a model note which institutions should adopt as far as possible.
7. Any significant one-off or ring-fenced grants should be identified on a separate line.

¹ The term institution includes colleges and Glasgow Colleges' Regional Board.

² Glasgow Colleges' Regional Board's accounts are prepared on a consolidated basis, incorporating the results of City of Glasgow College, Glasgow Clyde College and Glasgow Kelvin College. New College Lanarkshire's accounts are also prepared on a consolidated basis, incorporating the results of South Lanarkshire College.

While smaller grants may be grouped together under the heading “other”, this should not represent a significant portion (i.e. more than 20%) of the total grants received.

Tuition Fees and Education Contracts

8. Institutions should analyse tuition fees and contracts in accordance with the model notes given in **Annex B**.

Grants from Arms-Length Foundations

9. Institutions should disclose separately any revenue or capital grants received from arms-length foundations.

Student Support Funds

10. Paragraph 16.9 of the SORP states that “Where the institution disburses funds it has received as paying agent on behalf of a funding body or other body, and has no beneficial interest or risks related to the receipt and subsequent disbursement of the funds, these funds should be excluded from the Statement of Comprehensive Income of the institution.”
11. What constitutes an agency arrangement will depend upon each individual fund and its own individual characteristics. However, the following can be considered to be agency arrangements:
 - Further Education bursary funds.
 - Discretionary funds.
 - Education maintenance allowances.
12. Accordingly, these should be excluded from the Statement of Comprehensive Income and the movements disclosed in a note to the accounts. Where incorporated colleges have used the cash budget for priorities³ to fund student support costs in excess of funding they should record this expenditure in the Statement of Comprehensive Income. To ensure comparability between institutions, we recommend that the standard note shown in **Annex C** is adopted.
13. FE and HE childcare funds received by institutions should be included in the main Statement of Comprehensive Income as institutions have more discretion in the manner in which these funds are disbursed and these funds do not therefore meet the definition

³ Glasgow Colleges’ Regional Board does not itself have a cash budget for priorities but the consolidated position of the assigned colleges should be reflected in the regional accounts.

of agency funds. The income from childcare funds should be identified as a separate line in the Scottish Funding Council income note. Related expenditure from the fund should be shown as a separate line within the appropriate expenditure heading. A note of the movements on childcare funds should be disclosed in the notes in accordance with the model note given in **Annex C**. The guidance section on the SFC website provides further details of childcare guidance for FE and HE students studying at colleges.

14. Any in-year redistributions agreed by SFC should also be reflected in the notes. Amounts to be recovered should be identified as repayable to SFC or other body in the student support fund note.
15. Institutions should have in place systems which minimise incorrect payments of student support funds. However, where there has been overpayment for any reason and funds are recovered these should be credited to the fund balance at the time of recovery. The administrative costs of recovering these overpayments, in line with other administrative costs relating to student support fund payments, should be met from core funds.
16. A link to extant guidance relevant to non-advanced student support funds from SFC is given in **Annex D**.

Staff Costs

17. For consistency and clarity the headings shown in the staff costs note should be analysed as shown in **Annex E**. As in previous years, agency staff costs should be included as a separate line under 'Other operating expenses'.
18. The full harmonisation costs of National Bargaining support staff and middle management will not be confirmed until the national Job Evaluation exercise is carried out, the outcome of which will be implemented with effect from 1 September 2018. Support staff and middle management Job Evaluation costs (and associated grant) should be accounted for, based on Colleges Scotland's February 2019 costings.

Non-profit Distributing Projects

19. In accounting for the unitary charge payment, the split between the running cost and loan repayment elements should be disclosed in the notes to the financial statements.

Donations to Arms-length Foundations

20. Any donation to an arms-length foundation should be disclosed above the operating surplus line, under the expenditure headings, in the Statement of Comprehensive Income. The donation should be clearly disclosed in order to ensure transparency within the annual report and accounts.

Summary Pension Note

21. A model summary pension note disclosing SOCI charges and Balance Sheet movements is shown at **Annex F**. The suggested note is included within the guidance notes with a view to generating consistency of reporting between colleges of the key SOCI charges and Balance Sheet movements. The suggested note will form part of the wider disclosures on pensions required in the accounts though this additional information is not reflected in **Annex F**. It is important that the note sets out the non-cash movements charged to the SOCI (service costs and net interest cost) as these will also be disclosed and cross-referenced on the adjusted operating position table.

Accounts Direction for Scotland's Colleges 2022-23

1. It is the Scottish Funding Council's direction that institutions¹ comply with the 2019 Statement of Recommended Practice: Accounting for Further and Higher Education (SORP) in preparing their annual report and accounts².
2. Institutions must comply with the accounts direction in the preparation of their annual report and accounts in accordance with the Financial Memorandum with the Scottish Funding Council (SFC) or the Regional Strategic Body (RSB) (for assigned colleges).
3. Incorporated colleges and Glasgow Colleges' Regional Board are also required to comply with the Government Financial Reporting Manual 2022-23 (FReM) where applicable. In cases where there is a conflict between the FReM and the SORP, the latter will take precedence.
4. Incorporated colleges and Glasgow Colleges' Regional Board must send two copies of their annual report and accounts to the Auditor General for Scotland by 31 December 2023.
5. The annual report and accounts should be signed by the chief executive officer / Executive Director and by the chair, or one other member of the governing body.
6. Incorporated colleges and Glasgow Colleges' Regional Board should reproduce this Direction as an appendix to the annual report and accounts.

Scottish Funding Council

20 July 2023

¹ The term "institutions" includes colleges and Glasgow Colleges' Regional Board

² Glasgow Colleges' Regional Board's accounts are prepared on a consolidated basis, incorporating the results of City of Glasgow College, Glasgow Clyde College and Glasgow Kelvin College. New College Lanarkshire's accounts are also prepared on a consolidated basis, incorporating the results of South Lanarkshire College.

Introduction and Structure of Accounts Direction

Mandatory and Corporate Governance Disclosures

7. We draw your attention to the specific mandatory disclosures for non-incorporated colleges in **Appendix 1** and for incorporated colleges and Glasgow Colleges' Regional Board ("GCRB") in **Appendix 2**. The corporate governance disclosures required are listed in **Appendix 3**.

Deadlines

8. Incorporated and non-incorporated colleges³ are required to provide their annual report and accounts, together with the associated annual audit reports, to us by 31 December 2023. If you consider that your college will be unable to meet this deadline, please contact SFC.
9. The annual report and accounts should be prepared with a 31 July year-end.

Future of the SORP

10. The Financial Reporting Council (FRC) has published an Exposure Draft (FRED 82⁴) on the future of FRS 102 on which the SORP is based. Leasing and revenue recognition are two of the main areas of change contained in the Exposure Draft bringing the treatment under FRS 102 into line with International Financial Reporting Standards (IFRS). Once FRED 82 is adopted into FRS 102, the work on updating the SORP to reflect these changes will begin. It is expected that the new SORP will become effective from Academic Year 2024-25 but this may be subject to change.

2022 Code of Good Governance for Scotland's Colleges

11. The latest version of the Scottish Code of Good Governance was published in September 2022: [Institutional governance for colleges \(sfc.ac.uk\)](https://www.sfc.ac.uk/institutional-governance-for-colleges). The new Code contains minor revisions (e.g. a new section covering the role of the Senior Independent Member) since the last version of the Code published in 2016. Institutions are asked to comply with the 2016 version of the Code for 2022-23 and adopt the 2022 Code in 2023-24.

³ The term non-incorporated college covers Argyll College, Newbattle Abbey College, Sabhal Mòr Ostaig, Shetland College and West Highland College. Orkney College forms part of Orkney Islands Council and will be included in the annual report and accounts of the local authority.

Appendix 1

Mandatory Disclosures – Non-incorporated Colleges

1. Listed below are disclosures which non-incorporated colleges must include in the financial statements.

Strategic Report⁵

2. A list of members of the governing body and key committees. This should cover all those who served during the period and include any changes up to the date of signing the annual report and accounts. The report should also disclose attendance of individual members at board meetings but this can be disclosed as a percentage attendance for each member for the year.
3. A statement describing the payment practice code or policy adopted on payment of suppliers and performance achieved, together with disclosure of any interest paid under the Late Payment of Commercial Debts (Interest) Act 1998, or a statement that there were no matters to disclose.
4. A statement on the employment of disabled persons where the average number of all persons employed in the year exceeds 250.
5. The report should provide a commentary on the college financial performance in the year. This should include a table setting out the adjusted operating position for the year in accordance with the template included in **Appendix 4**.
6. The commentary should explain the impact of current inflationary pressures, geopolitical issues and Brexit on the college's financial position.
7. In addition, in accordance with the [Trade Union \(Facility Time Publication Requirements\) Regulations 2017](#), the following information must be published:
 - Relevant union officials.
 - Percentage of time spent on facility time.
 - Percentage of pay bill spent on facility time.
 - Paid trade union activities.
8. An example of the disclosure required is given in **Appendix 8** of this Direction.

⁵ Further guidance on Strategic reports is given in the 2019 SORP (paragraphs 3.23 to 3.26)

Notes to the Accounts

9. The audit and non-audit fees paid to external and internal auditors.

Corporate Governance

10. We require non-incorporated colleges to include in their annual report and accounts a statement covering the responsibilities of their governing body in relation to corporate governance. This statement is required to indicate how the college has complied with good practice in this area.
11. It is a condition of the Financial Memorandum (FM) with SFC or the RSB (for assigned colleges) that governing bodies comply with the principles of good governance set out in the 2016 Code of Good Governance for Scotland's Colleges ("the Scottish Code"). Colleges are required to include a statement in their accounts confirming compliance with the Scottish Code. In line with the principle of comply or explain, an explanation should be provided in the event that the college's practices are not consistent with particular principles. A form of wording for the compliance statement is included at **Appendix 3(a)**.
12. We recognise that each college will have its own system of corporate governance, reflecting its particular objectives and management processes. However, in preparing their governance statement, colleges should give due regard to the guidance contained in **Appendix 3**.
13. Colleges should also refer to the Audit Scotland '[Good practice note on improving the quality of college annual report and accounts - Governance statements](#)' published in May 2019.
14. Colleges should be aware that their external auditors will be reviewing the corporate governance statement as part of their audit and will be including a reference to this in their audit report.

Remuneration

15. The actual total remuneration of the head of the college, disclosing separately salary, bonus, employer pension contribution and taxable and non-taxable benefits in kind. This should be the actual figure and not a banding. Where there is a change of head of the college during the year, details should be given separately for each person, noting the dates each was in post. Where the head of the college has been paid salary in lieu of pension contributions, this should be explained in the note.
16. The total number of higher paid staff, including senior post-holders, in bands of £10,000, above a threshold of total emoluments (excluding pension contributions and compensation for loss of office) of £60,000. The number of senior post-holders within

each band should be separately identified.

17. The aggregate amount of any compensation for loss of office payable to the head of the college and any staff member earning in excess of £60,000 per annum, together with the number of people to whom this was payable, or where the costs of all elements of a proposed arrangement amount to more than £75,000.
18. Audit Scotland published a Good Practice Note on the preparation of the Remuneration report in May 2023 which colleges should refer to. The Good Practice Note can be found here: [Remuneration Report - Good Practice Note on enhancing the quality of financial reporting \(audit-scotland.gov.uk\)](https://www.audit-scotland.gov.uk/remuneration-report-good-practice-note).

National Bargaining Support Staff and Middle Management Job Evaluation Costs

19. The full harmonisation costs of National Bargaining support staff and middle management will not be confirmed until the national Job Evaluation exercise is carried out, the outcome of which will be implemented with effect from 1 September 2018. Where relevant, support staff and middle management Job Evaluation costs (and associated grant) should be accounted for, based on Colleges Scotland's February 2019 costings.

Appendix 2

Mandatory Disclosures – Incorporated Colleges and Glasgow Colleges’ Regional Board

1. Institutions⁶ are required to comply with the [Government Financial Reporting Manual \(FReM\) for 2022-23](#) as well as complying with the SORP. The additional disclosures required in institutions’ annual report and accounts to comply with the FReM (i.e. those areas not addressed in the SORP) are set out in the various disclosures below. In cases where there is a conflict between the FReM and the SORP, the latter will take precedence.
2. The disclosures which institutions must include in the annual report and accounts are outlined below.

The Performance Report

3. Chapter 5 of the FReM requires institutions to include a Performance Report in their annual report and accounts. The report will provide information on the institution, its main objectives and strategies and the principal risks that it faces. The report must provide a fair, balanced and understandable analysis of the institution’s performance, including both positive and negative aspects. The report, which should be signed and dated by the College Principal or Executive Director, should contain an overview of performance in the year and a Performance Analysis. Auditors will review the Performance Report for consistency with the financial statements and compliance with the Accounts Direction and give an opinion on this.
4. The Performance Overview should give the user sufficient information to understand the organisation, its purpose, its objectives, its performance and both the impact of and management of key risks. As a minimum, the Overview should include:
 - A short summary explaining the purpose of the overview section.
 - A statement from the Principal or Executive Director providing their perspective on the performance of the institution over the period. This should include an explanation of the impact of current inflationary pressures, geopolitical issues and Brexit on the college’s performance.

⁶ In this section “institutions” refers to all incorporated colleges and Glasgow Colleges’ Regional Board.

The disclosures for Glasgow Colleges’ Regional Board and New College Lanarkshire will cover the regional performance of their assigned colleges.

- A statement of the purposes and activities of the institution including a brief description of the business model and environment, organisational structure, objectives and strategies, including estates management strategies.
 - A summary of key issues and principal risks that could affect the institution in delivering its objectives and explanation of the mitigation of those risks.
 - An explanation of the adoption of the going concern basis where this might be called into doubt, for example where there are significant net liabilities which may require to be funded from public sources. Mitigating actions taken as a result of inflationary impacts should form part of the going concern commentary.
 - A performance summary including key indicators.
 - Confirmation of compliance with Scottish Government sustainability reporting in line with the requirements of the Climate Change (Scotland) Act 2009. The Schedule to the 2015 Order sets out the required content for the report.
 - Disclosures on cash budget for priorities and adjusted operating position (see below).
5. The purpose of the Performance Analysis is for institutions to provide a detailed view of their performance.
 6. Colleges should seek to tie in the Performance Analysis to other parts of the financial statements to provide a cohesive and consistent understanding of performance.
 7. Guidance on preparation of the Performance Analysis is given in section 5.4 of the FReM. Colleges should note the mandatory requirements listed in section 5.4.4 d-m (excluding e, h and l which do not apply in Scotland).
 8. In addition to the mandatory FReM requirements noted above, the Performance Analysis must include:
 - Description of the way in which the institution has promoted equality of delivery of service to different groups and had due regard to public sector equality duty under the Equality Act 2010. This may include a cross reference to separately published reports dealing with Public Sector Equality Duties.
 - A brief commentary outlining the Fair Work practices that have been developed in agreement with the institution's workforce and the progress the institution has made in their implementation.
 9. Further guidance on the preparation of Performance statements is given in the Audit Scotland Good Practice Note: [Good practice note on improving the quality of central government annual report and accounts - Performance reports.](#)

Cash Budget for Priorities (CBP)

10. Colleges are required to provide in the Performance Report a breakdown of spend of the CBP allocation for Academic Year 2022-23. Colleges have a fixed annual CBP and they

should disclose how this has been spent in the academic year. This should take the form of a table showing the expenditure under each heading. An illustrative form of wording for the Performance Report disclosure is given in **Appendix 5**. The details of each college's fixed CBP are given in **Appendix 6**. Glasgow Colleges' Regional Board does not itself have a CBP but the consolidated position of the assigned colleges should be reflected in the regional accounts.

Depreciation Budget for Government-funded Assets

11. Colleges are required to include a statement at the foot of the Statement of Comprehensive Income (SOCl) and also a note to the accounts explaining the impact of the depreciation budget for government-funded assets. This is required because the depreciation budget allocation cannot be reflected as income in the SOCl under the FE/HE SORP accounting rules.
12. The adjustment is to add the actual depreciation budget to the SOCl surplus/(deficit) in order to reflect the results on a Government accounting basis for the academic year.
13. The form of wording for the statement at the foot of the SOCl and the note to the accounts is set out in **Appendix 7**.
14. Glasgow Colleges' Regional Board does not itself have a depreciation budget but the consolidated position of the assigned colleges should be reflected in the regional accounts.

Adjusted Operating Position (AOP)

15. The Performance Report must also provide details of the AOP for Academic Year 2022-23. The SOCl presents the financial performance during the accounting period in accordance with the SORP. The AOP is intended to reflect the underlying operating performance after allowing for material one-off or distorting items required by the SORP or other items outwith the control of the institution. The AOP is therefore designed to smooth any volatility in reported results arising from FRS 102 and also to recognise that some of the reported costs do not have an immediate cash impact on the institution. Institutions should explain what these adjustments are and why they have been made. All adjusting items included in this calculation must be visible (i.e. separately disclosed) in the SOCl or notes as appropriate and should be cross-referenced from the AOP table.
16. The template for the computation of the AOP is shown in **Appendix 4**.
17. It is important that the calculation of the AOP is consistent with other disclosures within the Performance Report and accounts.
18. To ensure correct completion of the AOP and consistency across the sector, institutions should submit the AOP calculation, together with draft accounts, to SFC for review prior

to the accounts being signed off. Institutions are encouraged to submit the AOP as early as possible to allow time for review.

Payment Practice

19. A statement describing the payment practice code or policy adopted on payment of suppliers and performance achieved, together with disclosure of any interest paid under the Late Payment of Commercial Debts (Interest) Act 1998, or a statement that there were no matters to disclose.

The Accountability Report

20. Requirements for the Accountability report are set out in Chapter 6 of the FReM. The Accountability Report is required to have three sections:
 - Corporate Governance report.
 - Remuneration and Staff report.
 - Parliamentary Accountability report.

Corporate Governance Report

21. The purpose of the Corporate Governance report is to explain the composition and organisation of the institution's governance structures and how they support the achievement of institutional objectives.
22. As a minimum, the Corporate Governance report must include a Directors' report, a statement of the Board of Management / Board responsibilities and a governance statement. These elements should be clearly identified.

Directors' Report

23. The Directors' report should set out the membership of the Board of Management/Board and also those members of the senior management team who influence the decisions of the institution as a whole. Details should be given of any directorships or other interests which the members have or a link provided to the relevant Register of Interests. Any information on personal data-related incidents reported to the Information Commissioner's Office should also be disclosed.

Statement of Board of Management/Board Responsibilities

24. The FReM requires government bodies to provide a Statement of Accounting Officer's responsibilities. The SFC Chief Executive provides a governance certificate of assurance covering all institutions to the Principal Accountable Officer of the Scottish Government,

based upon certificates of assurance provided by institutions⁷. In light of this unique arrangement, institutions are required to provide a Statement of Board's responsibilities within their Corporate Governance report.

Governance Statement

25. We require institutions to include in their annual report and accounts a statement covering the responsibilities of their governing body in relation to corporate governance. This statement is required to indicate how the institution has complied with good practice in this area.
26. It is a condition of the FM with SFC or the Regional Strategic Body (for assigned colleges) that governing bodies comply with the principles of good governance set out in the 2016 Code of Good Governance for Scotland's Colleges (the Scottish Code). All institutions are required to include a statement confirming compliance with the Scottish Code. In line with the principles of comply or explain, an explanation should be provided in the event that the institution's practices are not consistent with particular principles. A form of wording for the compliance statement is included at **Appendix 3(a)**.
27. Paragraph 6.4.8 of the FReM sets out the minimum information that a Governance Statement should acknowledge and explain. In preparing the Governance Statement, institutions must comply with the FReM and also with the guidance set out in the [Governance Statement section of the SPFM](#).
28. We recognise that each institution will have its own system of corporate governance, reflecting its particular objectives and management processes. However, in preparing their governance statement, institutions should give due regard to the guidance contained in **Appendix 3**.
29. The governance statement should also outline and explain the changes to the governance framework and any other governance implications arising from the exceptional inflationary pressures exerted on the sector.
30. Institutions should be aware that their external auditors are required to read the information in the Performance Report and the governance statement and express an opinion in the independent auditor's report on whether:
 - The information given in the Performance Report and governance statement is consistent with the financial statements.
 - The Performance Report and governance statement has been prepared in accordance with the accounts direction.

⁷ Regional Strategic Bodies provide the certificate of assurance to SFC based upon certificates of assurance provided by the assigned colleges.

31. Further guidance is available in the Audit Scotland '[Good practice note on improving the quality of college annual report and accounts - Governance statements](#)' published in May 2019.

Remuneration and Staff Report

32. Institutions are required to include within their annual report and accounts a remuneration and staff report in accordance with Chapter 6 (Paras 6.5.1 to 6.5.29, and Para 6.5.45) of the FReM. As in 2021-22, this includes significant changes to Fair Pay disclosures with pay multiples disclosures extended to include upper and lower quartile ratios and further explanations (Paras 6.5.19 to 6.5.29). A best practice disclosure for Diversity and Inclusion (Para 6.5.46) encourages institutions to include details and narrative of their own diversity and inclusion policies, initiatives and longer-term ambitions in the staff report. Further information is contained in the FReM 2022-23.
33. Institutions should also refer to further guidance contained in Employers Pension Notice: **EPN679 - Resource Accounts: 2022-23 disclosure of salary, pension and compensation information:** [EPN679 - Resource Accounts: 2022/23 disclosure of salary, pension and compensation information - Civil Service Pension Scheme](#).
34. Although EPN 679 deals specifically with the Civil Service Pension Scheme, it does contain a standard format for disclosure and explanations of what should be included in the report in order to comply with the FReM. The Remuneration report should set out the remuneration and accrued pension benefits of senior managers of the institution and this will include those named in the Directors' report (see paragraph 23 above).
35. An example Remuneration report is attached at **Appendix 8**. It is important to note that individuals should be informed in advance of the intention to disclose their salary information in this report. There is a presumption that information about named individuals will be given unless there is specific justification for not disclosing this (see FReM paragraph 6.5.4 for circumstances where non-disclosure is acceptable). In other cases it would be for the staff member to make a case for non-disclosure which should be considered by the institution on a case by case basis. Where non-disclosure is agreed, the fact that certain disclosure has been omitted should be disclosed.
36. The Staff report must include the following information:
- The number of senior staff by band.
 - Staff numbers and costs distinguishing between permanent contract staff and agency/contract staff.
 - Staff composition – the number of persons of each sex who were directors or employees of the institution.

- Sickness absence data.
 - Staff turnover expressed as a percentage.
 - Staff policies applied during the year:
 - (a) For giving full and fair consideration to applications for employment to the institution made by disabled persons, having regard to their particular aptitudes and abilities.
 - (b) For continuing the employment of, and arranging appropriate training for, employees of the institution who have become disabled persons during the period they were employed by the institution.
 - (c) Otherwise for the training, career development and promotion of disabled persons employed by the institution.
 - The number and overall value of exit packages (as approved by SFC under Severance Guidance).
 - Other employee matters – such as other diversity issues and equal treatment in employment and occupation; employment issues including employee consultation and/or participation; health and safety at work; trade union relationships and human capital management such as career management and employability, pay policy etc.⁸
37. In addition, in accordance with the [Trade Union \(Facility Time Publication Requirements\) Regulations 2017](#), the following information must be published:
- Relevant union officials.
 - Percentage of time spent on facility time.
 - Percentage of pay bill spent on facility time.
 - Paid trade union activities.
38. Audit Scotland published a Good Practice Note on the preparation of the Remuneration report in May 2023 which colleges should refer to. The Good Practice Note can be found here: [Remuneration Report - Good Practice Note on enhancing the quality of financial reporting \(audit-scotland.gov.uk\)](#).

⁸ This FReM requirement strengthens non-financial reporting for the benefit of users of the accounts and aligns with the introduction of EU Regulations and Directives. Further guidance is available at the following link: [http://eur-lex.europa.eu/legal-content/EN/TXT/?uri=CELEX:52017XC0705\(01\)](http://eur-lex.europa.eu/legal-content/EN/TXT/?uri=CELEX:52017XC0705(01))

Parliamentary Accountability Report

39. The FReM requires the inclusion of a Parliamentary Accountability report and, for Scottish government bodies, the requirements are reflected in the SPFM. The disclosures required are:
- Fees and charges for each service where the full annual cost is £1 million or more, or (if lower) where the amount of the income and full cost of the service are material to the financial statements:
 - Financial objective
 - Performance against that financial objective. The standard approach to setting charges for public services is full cost recovery but the SPFM lists some exceptions e.g. subsidised services.
 - Full cost of the service.
 - Income from charging for the service.
 - Surplus or deficit.
 - Disclosure of contingent liabilities, specifically enforceable undertakings given in the form of a guarantee or indemnity which would bind the body into providing the resources in the event of the guarantee or indemnity maturing; or a letter or general statement of comfort which could be considered to impose a moral obligation.
 - Disclosure of total losses exceeding £300,000 and total special payments exceeding £300,000.
40. It is not envisaged that the Parliamentary Accountability disclosures will require to be completed by most institutions unless they are material.
41. The Accountability report should be signed and dated by the Principal or Executive Director.

Notes to the Accounts

42. The audit fees and non-audit fees paid to external and internal auditors.
43. The actual total remuneration of the Principal or Executive Director, disclosing separately salary, bonus, employer pension contribution and taxable and non-taxable benefits in kind. Where there is a change of Principal or Executive Director during the year, details should be given separately for each person, noting the dates each was in post. Where the Principal or Executive Director has been paid salary in lieu of pension contributions, this should be explained in the note.
44. The total number of higher paid staff, including senior post-holders, in bands of £10,000 above a threshold of total emoluments (excluding pension contributions and compensation for loss of office) of £60,000. The number of senior post-holders within each band should be separately identified.

45. The tables in the staff cost note required in paragraph 44 should be cross-referenced to the remuneration and staff report. Alternatively, if institutions prefer, the tables can be included in the remuneration and staff report and cross-referenced to the staff costs note. This will avoid duplication of the information.

National Bargaining Support Staff and Middle Management Job Evaluation Costs

46. The full harmonisation costs of National Bargaining support staff and middle management will not be confirmed until the national Job Evaluation exercise is carried out, the outcome of which will be implemented with effect from 1 September 2018. Support staff and middle management Job Evaluation costs (and associated grant) should be accounted for, based on Colleges Scotland's February 2019 costings.

Appendix 3

Governance Statement Guidance for Institutions

1. Institutions are required to include in their annual report and accounts a statement covering the responsibilities of their governing body in relation to corporate governance. This statement is required to indicate how the institution has complied with good practice in this area.
2. It is a condition of the Financial Memorandum with the SFC or the Regional Strategic Body (for assigned colleges) that governing bodies meet the principles of good governance, set out in the 2016 Code of Good Governance for Scotland's Colleges. All institutions are required to include a statement in their corporate governance statements confirming compliance with the Scottish Code. In line with the principle of comply or explain, an explanation must be provided in the event that the institution's practices are not consistent with particular principles. The template to be used for the compliance statement is at **Appendix 3(A)**.
3. The following should be included in the governance statement:
 - The governance framework of the institution, including information about the committee structure of the Board of Management / Board and the coverage of its work.
 - The operation of the Board of Management / Board, including membership and attendance of individual members at meetings, during the period.
 - An assessment of corporate governance with reference to compliance with the Scottish Code and explanations of any departures from the Code.
 - Responsibilities for risk management and internal control systems and for reviewing their effectiveness.
 - The ongoing process and structures used to identify, evaluate and manage the principal and emerging risks faced.
 - A statement that the systems have been in place for the year under review and up to the date of approval of the financial statements.
 - The main features that support regular monitoring, review and assurance.
 - The process applied in reviewing the effectiveness of the system of risk management and internal control, including explaining what actions have been or are being taken to remedy any significant failings or weaknesses.
 - In setting out principal risks and uncertainties, colleges should consider the

specific risks arising from inflationary pressures, geopolitical issues and Brexit and the steps being taken to mitigate those risks.

- Details of any significant lapses of data security.
 - Confirmation that the institution is a going concern, with supporting assumptions and qualifications as necessary. This disclosure provides support for the use of the going concern accounting policy and should not be inconsistent with the disclosures regarding going concern either in the annual report and accounts or the auditors' report thereon.
4. Institutions should refer to the Audit Scotland '[Good practice note on improving the quality of college annual report and accounts - Governance statements](#)' which is based on a review of the corporate governance statements in the 2017-18 institution accounts. Audit Scotland identifies key characteristics which make for a high quality corporate governance statement, including:
- There should be a single, coherent narrative running through the whole of the annual report and accounts.
 - The governance statement, wherever possible, should be brief, focused and high level.
 - The governance statement should be open and transparent and should reflect the specific matters that cause concern to the Board of Management / Board.
 - Emphasis should be on assessing the effectiveness of the arrangements rather than simply providing an explanation of the arrangements.
 - Key risks should be identified, the impact analysed and steps taken to mitigate the risk should be reflected in the statement.
 - The statement should provide understandable information and use precise language that explains issues clearly.

The institution complies with all the principles of the 2016 Code of Good Governance for Scotland's Colleges with the exception of xxxx. The institution is taking action to address this by xxxx and xxxx and expects to be fully compliant by xxxx.

Appendix 4

Model Adjusted Operating Position (AOP) Note

1. The SOCI presents the financial performance during the accounting period in accordance with the SORP. The AOP is intended to reflect the underlying operating performance after allowing for material one-off or distorting items required by the SORP or other items outwith the control of the institution. The AOP is therefore designed to smooth any volatility in reported results arising from FRS 102 and also to recognise that some of the reported costs do not have an immediate cash impact on the institution. All adjustments should be cross-referenced to the relevant note in the financial statements.

	2022-23	2021-22
	£'000	£'000
Surplus/(deficit) before other gains and losses		

Add back:

- Depreciation (net of deferred capital grant release) on both government funded and privately funded assets including NPD assets* (Note 1)
- Exceptional non-restructuring costs - Impairment (Note 2)
- Pension adjustment – Net service cost (Note 3)
- Pension adjustment - Net interest cost (Note 4)
- Pension adjustment - Early retirement provision (Note 5)
- Donation to Arms-Length Foundation (ALF)* (Note 6)

Deduct:

- Non-Government capital grants (e.g. ALF capital grant) (Note 7)
- Exceptional income (if disclosed as exceptional in accounts) - Insurance claim (Note 8)
- CBP allocated to loan repayments and other capital items* (Note 9)
- NPD income applied to reduce NPD balance sheet debt (Note 10)

Adjusted operating surplus/(deficit)

*incorporated colleges only

Explanation for Adjusting Items

Note 1: Depreciation does not have an immediate cash impact on the institution and, in any case, capital expenditure will largely be funded by government or ALF grants so the charge is taken out.

Note 2: The exceptional non-restructuring adjustment will relate to any material one-off charges in year which may distort the accounts.

Note 3: The adjustments to the pensions charge represent the net service cost (i.e. the present value of projected benefits resulting from employee service in the current year less cash contributions paid).

Note 4: The net interest cost is the interest accumulated on the pension liability and this is offset against the current year's interest earned on pension assets.

Note 5: The early retirement provision adjustment relates to the gain/loss arising from the actuarial valuation during the year. This excludes any adjustments to valuations as a result of adding or deleting employees.

Note 6: The ALF donation is paid out of the commercial surplus for the year so is adjusted to arrive at the pre-donation operating position.

Note 7: Capital grant income is not matched by SOCI expenditure as it has been used to fund capital assets which will be depreciated over the life of the asset.

Note 8: Exceptional income items which distort the results for the year are excluded. This is only relevant where the item is disclosed as exceptional in the accounts.

Note 9: Cash Budget for Priorities is included in income but the loan repayment is not reflected in the costs therefore this amount is adjusted. Loan repayments should only be adjusted where CBP has been used to fund them.

Note 10: NPD grant income is included in the SOCI but the payment is applied to reduce the balance sheet liability and, as this would overstate the surplus, is therefore adjusted.

Spend of Cash Budget for Priorities (Incorporated Colleges and Glasgow Regional Colleges' Board⁹ Only)

Illustrative Form of Words for Inclusion in Performance Report

1. Following their reclassification as central government bodies from 1 April 2014, colleges are also required to comply with Central Government budgeting rules. In addressing the impact of these budgeting rules, Scottish Government and SFC committed to providing the cash budget previously earmarked for depreciation for use on specified priorities.
2. Colleges have now each been given a fixed cash budget for priorities (see **Appendix 6**) which must be spent on agreed government priorities as outlined in the table below. Spend of the College's cash budget for priorities, and impact on the operating position for the academic year, is detailed below.

Table of cash budget for priorities spend

Impact of Depreciation Budget on Statement of Comprehensive Income (Incorporated Colleges and Glasgow Colleges' Regional Board¹⁰ Only)

Illustrative form of words for inclusion In the Statement at the foot of the Statement of Comprehensive Income

1. The Statement of Comprehensive Income is prepared under the FE/HE SORP. The SORP does not permit colleges to reflect the non-cash budget for depreciation in the Statement of Comprehensive Income. Note X provides details of the adjusted operating position on a Central Government accounting basis.

Illustrative form of words for inclusion in the Notes to the Accounts

2. Following reclassification, incorporated colleges received a non-cash budget to cover depreciation but this additional budget is not recognised under the FE/HE SORP accounting rules. Colleges may show a deficit equivalent to net depreciation as a result of having to meet Government accounting rules and the requirement to spend the entire cash allocation.
 3. Under the FE/HE SORP, the college recorded an operating deficit of £X for the year ended 31 July 2023. After adjusting for the non-cash allocation provided under government rules, the college shows an "adjusted" surplus/deficit of £X on a Central Government accounting basis.
 4. This demonstrates that the college is operating sustainably within its funding allocation.
- or
5. The deficit is attributable to other factors reflected in the adjusted operating table and also the impact of factors such as inflationary pressure and geopolitical issues as explained in the Performance Report on pages x to x.

¹⁰ Glasgow Colleges' Regional Board does not itself have a depreciation budget but the consolidated position of the assigned colleges should be reflected in the regional accounts.

Template for Remuneration Report (for Incorporated Colleges and Glasgow Colleges' Regional Board Only)

Remuneration Policy

5. Total remuneration includes salary, non-consolidated performance-related pay and benefits in kind. It does not include severance payments, employer pension contributions and the cash equivalent transfer value of pensions.
6. While there was a pre-existing requirement around disclosures of median pay ratios, the 2021-22 FReM introduced new requirements around disclosures of 25th and 75th percentile pay ratios, their comparison to the remuneration of the College's highest paid official, percentage changes from the previous year and explanations of any changes.

Accrued Pension Benefits

9. Institutions should outline here the pension schemes in operation and give a brief explanation of how benefits accrue for the employees.

Senior Officials Pension

10. Pension benefits are provided to senior officials on the same basis as all other staff. The accrued pension benefits for senior managers are set out in the table below, together with the pension contributions made by the institution.

Name	Accrued pension at pension age at 31 July 2023	Accrued lump sum at pension age at 31 July 2023	Real increase in pension 1 August 2022 to 31 July 2023	Real increase in lump sum 1 August 2022 to 31 July 2023	CETV at 31 July 2023	CETV at 31 July 2022	Real increase in CETV
	£'000	£'000	£'000	£'000	£'000	£'000	£'000
Name A							
Name B							

Cash Equivalent Transfer Value (CETV)

11. A Cash Equivalent Transfer Value (CETV) is the actuarially assessed capitalised value of the pension scheme benefits accrued by a member at a particular point in time.
12. The value of the accrued pension benefits has been calculated on the basis of the age at which the person will first become entitled to receive a pension on retirement without reduction on account of its payment at that age; without exercising any option to commute pension entitlement into a lump sum; and without any adjustment for the effects of future inflation. The pension figures shown relate to the benefits that the person has accrued as a consequence of their total Local Government Pension Scheme service and not just their current appointment.

13. In considering the accrued pension benefits figures the following contextual information should be taken into account:
- (i) The figures for pension and lump sum are illustrative only in light of the assumptions set out above and do not necessarily reflect the actual benefits that any individual may receive upon retirement.
 - (ii) The accrued benefits figures are reflective of the pension contributions that both the employer and the scheme member have made over a period of time.

Real Increase in CETV

14. This reflects the increase in CETV that is funded by the employer. It does not include the increase in accrued pension due to inflation, contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement) and uses common market valuation factors for the start and end of the period.

Compensation for Loss of Office

15. xx employees left under voluntary exit terms on xx/xx/xx. They received a compensation payment of £'xxx.
16. xx employees left under voluntary redundancy terms on xx/xx/xx. They elected to take early retirement. The cost to the institution of buying out the actuarial reduction on their pension was £xx. They did not receive any additional compensation.
17. The table below summarises the exit packages by cost band.
