Paper Title	Nominations and Remuneration Committee Annual Report
Agenda Item	14
Paper Number	NRC2-J

Status	Disclosable

---

### 1. Executive Summary

- 1.1 As part of its evaluation and reporting cycle each year the Committee receives a report summarising activity over the past twelve months.
- 1.2 The report considers membership, meetings and attendance, and summarises matters considered and decisions made under headings taken from the Committee's Terms of Reference to allow members to consider compliance and overall effectiveness.
- 1.3 The report also provides a basis for consideration of the year ahead and the Committee's expectations and plans.
- 1.4 Subject to committee agreement of content, the report will be presented to the Board at its January meeting.

### 2. Recommendations

- 2.1 The Committee is invited to:
  - a) **consider** and **agree** the content of the summary report on its activity during the past year;
  - b) **discuss** and **agree** its priorities for the coming year.

### **3. Background**

- 3.1** It is good practice for committees to review their own operation and produce an annual report for the Board.
- 3.2** The period covered by the report is December 2022 to November 2023.
- 3.3** There have been few legal and regulatory developments impacting on the Committee's areas of responsibility in this period. The introduction of Trade Union members to sector boards has progressed slowly, and it is now anticipated that TU's will nominate members by 31 January 2024. Revised appointments guidance has not yet been issued and the remuneration of Assigned College chairs has not been taken forward as yet.
- 3.4** The ongoing regional review has had an impact on non-executive recruitment, with the Committee recommending to the Board that it does not recruit to the vacancy created by Dave Brown's departure in July 2023 until there is more clarity on future governance structures. A separate report to the Committee's December meeting considers the implications of a continued delay with non-executive recruitment and suggests a way forward.
- 3.5** External factors have affected other aspects of the Committee's work. National bargaining has not resulted in agreement between Unison and the College Employers' Association for either 2022 or 2023 pay awards for support staff which has been a factor in the consideration of annual salary reviews across the organisation.
- 3.6** Nationally, financial pressures continue to weigh heavily on colleges and, within the region, ongoing restructuring exercises at assigned colleges have resulted in new or extended VS schemes. While GCRB does not have a locus in relation to approval of compulsory redundancies, developments at City of Glasgow College have also factored in Committee discussions around VS.

### **4. Meetings and Membership**

- 4.1.** During the period from December 2022 to November 2023 the committee met on six occasions, there being two additional meetings to consider VS schemes early in 2023. All meetings were quorate.
- 4.2.** To provide some narrative on the data in the table below:
  - Sunita McKenna, Student Member, resigned from the Board on 17 April, and therefore was not a member of the Committee at the time of the June meeting.
  - Martina Tuskova joined as the new Student Member of GCRB in September and attended her first Committee meeting on 26 October 2023.
  - Committee membership has been consistent with its Terms of Reference throughout the period. It presently comprises four non-executive members (including the Board Chair), one staff member, and one student member.

Average attendance 2022-23	88%	

- 4.3** Gender balance has continued to be weighted towards women throughout the period of the report, however, as in the previous reporting period, it should be noted that all current GCRB Staff and Student Members are women and the Board is required to seek gender balance among its Non-executive Members, hence the Board's balance (excluding Assigned College Chairs, who do not serve on Committees), towards women. The current Committee gender balance is 67% women to 33% men.
- 4.4** All meetings of the Committee were attended by a suitably qualified Board Secretary and, as appropriate for reporting purposes, members of the Executive Team.
- 4.5** Committee minutes have been a standing item on Board agendas throughout the period of the report.
- 4.6** Minutes and papers have been published on the website except where exemptions apply under the Freedom of Information (Scotland) Act 2002.
- 4.7** All papers presented to meetings of the Committee have provided for consideration of risk, strategic, resourcing and equalities implications.

## 5. Committee Remit

- 5.1. The Committee's Terms of Reference set out responsibilities in the following areas of Board activity. These have been used as headings in the subsequent report:
- Staffing Matters, including GCRB senior staff remuneration and determination of any overall policy that may apply to pay awards across the organisation;
  - GCRB and Assigned College Non-Executive Board Appointments;
  - Voluntary Severance Arrangements;
  - Board Evaluation and Development.
- 5.2. Minor modifications to the Terms of Reference were approved by the Board in March 2023 to clarify the Committee's responsibilities in respect of GCRB staff.
- 5.3. The Committee reviews its performance against its terms of reference at least annually.

## 6. Activity between December 2022 and November 2023

- 6.1 Over the period of the report, the Committee discharged its duties as summarised below. The report is presented primarily in the form of a summary of items noted and decisions made by the Committee.
- 6.2 At each meeting, as appropriate, the Committee has received and considered verbal reports from the Executive Director on factors influencing college VS and other restructuring activity, and on progress with national pay negotiations.
