- **3.2.** The income for 2020-21 consists of an amount set aside from the regional grant. After the first four months of the financial year there is a small variance to the original budget.
- **3.3.** Expenditure on salaries is now forecast to be slightly above the original budget. This is due to a small increase in National Insurance contributions and also the salary increase for the Executive Team being above the level estimated in May 2020.

- **4.2.** It is forecast that potential income will exceed expenditure by £50,000. This is due to the fact that the recruitment process for the Environmental Sustainability Manager was delayed at the beginning of the Covid-19 pandemic.
- **4.3.** As a result of the anticipated cost saving, two courses of action are proposed:
  - That an amount of £20,000 is transferred to GCRB running costs (to meet the additional cost of the Colleges Scotland subscription)<sup>1</sup>.
  - That an amount of £10,000 is set aside in the budget to meet the costs of implementing the Mental Health Strategy (that was developed in 2019-20).
- **4.4.** The Committee is asked to consider the two revisions and make a recommendation to the Board.
