E-resources

Below is a list of the library's electronic resources which are most useful for **Computer Networking**. You can view a full list of the Library's electronic resources by visiting this page:

<http://library.cityofglasgowcollege.ac.uk/finding-resources/e-resources>

Your student network ID and password will log you on to most of these resources. Some resources will prompt you to select either UK Federation and/or Shibboleth login options, and then simply select the institution of the City of Glasgow College.

Box of Broadcasts

This service allows you to record TV and radio programmes over a seven-day period and watch archived programmes online. Covers all subject areas.

General OneFile Infotrac

News and analysis from thousands of magazines and newspapers.

Useful websites

- [BBC Learning: Information Technology](#)
Features information on using the Internet, PC hardware and computing manuals.
- [Computer Arts](#)
Website features free tutorials, downloads and reviews.
- [Smashing Magazine](#)
Provides innovative information on trends in web development and design.
- [SQL Course: interactive online SQL training for beginners](#)
SQL Interpreter and Tutorial is an interactive, online tutorial with a SQL Interpreter and live practice database. The site is part of the Internet.com network of websites and related Internet media properties, an online information service provided by INT Media Group, Incorporated.
- [W3C](#)
Information on HTML and Web technologies.
- [Wired](#)
Online edition of the technological magazine that addresses broader political, economic and cultural concerns regarding technology.

E-books

The library provides access to various e-books relevant to **Computer Networking**. You can read and download e-books through the Dawson e-book service at www.dawsonera.com, and through the library catalogue at <http://library.cityofglasgowcollege.ac.uk>. You should choose the Shibboleth login option and confirm City of Glasgow College as the institution.

Books

Below are some useful classification numbers to help you find books in the library. You will find the most relevant resources for **Computer Networking** in the City Campus Library.

- Computing **001-006**

Journals

Journals feature the most up to date information on subject areas (often more up to date than websites). If you want to find information about what is happening in your subject area at the moment, then journals are a great source. The following journals are of particular interest:

- .net
- Computer Arts
- Wired
